

WEST FORK OF BEAVER CREEK

MINUTES

March 11, 1981
(Wednesday)

Donald C. Norseth, Directing Engineer, called the meeting to order and acted as Chairman.

The Chairman read the minutes of the 1980 meeting which were approved as read. The 1980 Financial Statement was also approved as read.

The Commissioner was not available for his report.

In the meeting of the Burnt Fork System, there was some discussion of the problem of a Commissioner for 1981. That meeting was dead-locked on the choice, so that a second meeting, March 19, 1981 at 4:00 p.m., has been scheduled to discuss this matter among the interested parties.

Because no Commissioner was recommended, the 1980 budget was approved for 1981, subject to possible revision after the meeting on March 19th. The motion was properly moved and seconded. The motion carried.

Mr. Norseth gave a brief overview of the water supply outlook for the coming year.

There being no other business, the meeting was adjourned at 1:30 p.m.

ATTENDEES:
